

How Much is Manual Claim Submission Costing Me?

When your team is manually inputting submitted claims to your claim system, your claim turnaround slows and your competitiveness in the market decreases. Manual claim intake consumes time and consequently your money.

Use the calculator below to find out how much manual claim submission is costing your company.

How many much time does your staff spend manually keying in claims?

Estimate how many minutes your staff spends every week keying in claims.

minutes per week

Cost Per Minute

When you factor in staff salaries, benefits, and other related costs, how much does each minute of staff time cost you?
