

How much do Manual Enrollment Processes Cost Me?

Manual enrollment processes consume time and efforts that could otherwise be spent growing your member base. This lack of productivity adds up to high costs.

Use the calculator below to find out how much manual enrollment processes are costing your company.

How much time does your staff spend manually keying in enrollments?

Estimate how many minutes your staff spends every week keying in enrollments.

minutes per week

Cost Per Minute

When you factor in staff salaries, benefits, and other related costs, how much does each minute of staff time cost you?

×

cost per minute

Total Cost for Manually Keying in Enrollments

=

cost per week

×

52 weeks in a year

=

cost per year

Look at your total cost of manual enrollment processes and now imagine what your company could do if you instead saved that much every year. What are some things your company could do with that money you've saved?

When staff aren't manually keying in enrollments, they are freed up to focus on more important things. What are more productive tasks your staff could be doing if they weren't spending time manually keying in enrollments?

Don't let manual enrollment processes keep your team bogged down with the unimportant. Schedule a demo to learn how Health Portal Solutions' Online Enrollment can automate your enrollment workflows so that your team can spend more time growing your business.
